Make the Pledge...

We ask those who receive a new CFL bulb to log into the **Change the World Pledge Campaign** at www.lauderhill-fl.gov/green and join millions of others in their effort to save energy, save money, and protect the environment. "Change the World, Start with ENERGY STAR" is a national campaign encouraging all Americans to join others who have pledged to take small, individual steps in the fight against global warming. Together, we all can make a difference.
