

Citywide Police Camera System

Police cameras for evidence collections, such as this one in Nashville, are becoming common in American cities

Proposed Project Elements:

- Cameras installed at City Parks, buildings and facilities, major intersections and entrances to City
- Cloud-based storage system

Milestones

Infrastructure Bid	December, 2018
Bids Due	January, 2019
Infrastructure Construction	2019

Project	Purchase	Expense		
Funding	Budget	Orders	To Date	Balance
Professional Services	\$400,000	\$0	\$216,268	\$183,732
Construction	2,200,000	174,957	801,687	1,223,356
Land Purchase	0	0	0	0
Contingency	400,000	0	0	400,000
Totals	\$3,000,000	\$174,957	\$1,017,955	\$1,807,088

Project Status:

- Bid will require camera coverage for 65 entry points to Lauderdale
- Two new portable security cameras deployed and two new license plate readers added to speed trailers
- Installation of wireless access points on City buildings continuing

Project Team:

Lead: Doug Downs, MIS Manager

Allen Siegel, Dave Hennessy

GO Management: J. Martin Cala, Buddy Shelton, Sean Henderson, Yolán Todd, Don Giancoli

The video surveillance system is designed to collect video evidence for criminal investigations. It will not be monitored in real-time but will be valuable for deterring crime and obtaining evidence for prosecutions.

Current Conditions

Most cameras will need to be mounted on new poles to avoid conflict with existing utilities and maximize views
